Vegetatio **98**: 193, 1991.

Volume contents

Mazzoleni, S., A. Lo Porto & C. Blasi, Multivariate analysis of climatic patterns of the Mediterranean basin 1
Armesto, J.J., I. Casassa & O. Dollenz, Age structure and dynamics of Patagonian beech forests in Torres del Paine National Park, Chile 13
Puerto, A. & M. Rico, Spatial variability on slopes of Mediterranean grasslands: structural discontinuities in strongly contrasting topographic gradients 23
Gerdol, R., *Saxifraga depressa* and *Saxifragetum depressae*: an endemic species and association of the western Dolomites (Italy) *Distribution, habitat and syntaxonomy* 33
Markert, B. & W. Wtorova, Inorganic chemical investigations in the Forest Biosphere Reserve near Kalinin, USSR *III. Comparison of the multielement budget with a forest ecosystem in Germany – aspects of rejection, indication and accumulation of chemical elements* 43
Acosta, F. J., F. López & J. M. Serrano, The dynamics of a therophytic community in relation to self-regulation, herbivores and environmental variation 59
Jayasekera, R., Elemental concentrations in a tropical montane rain forest in Sri Lanka 73
Wang Yusheng, Vegetation dynamics of grazing succession in the *Stipa baicalensis* steppe in Northeastern China 83
Masaki, T., W. Suzuki, K. Niiyama, S. Iida, H. Tanaka & T. Nakashizuka, Community structure of a species-rich temperate forest, Ogawa Forest Reserve, central Japan 97
Schieferstein, B. & K. Loris, Ecological investigations on lichen fields of the Central Namib *I. Distribution patterns and habitat conditions* 113
Singh, Lalji, Dry matter and nutrient inputs through litter fall in a dry tropical forest of India 129
Major, J. & M. Rejmanek, *Amelanchier alnifolia* vegetation in eastern Idaho, USA and its environmental relationships 141
Guitián, J. & J.Mª. Sánchez, Seed dispersal spectra of plant communities in the Iberian Peninsula 157
Kudo, G. &. K. Ito, Plant distribution in relation to the length of the growing season in a snow-bed in the Taisetsu Mountains, northern Japan 165
Song, J.S., A comparative phytosociological study of the subalpine coniferous forests in northeastern Asia 175
